

Angier Elementary School

8450 Hurlbut St.
San Diego, CA 92123

Sub-district: B
Cluster: Kearny
Year School Opened: 1953
Grades: K-5

① Joint Use Field

Angier ES is located in the residential community of Serra Mesa. The residents in this community are comprised of working class and middle class families that are professionals, military personnel and retired citizens. The diverse student population of over 540 come from many cultures and ethnicities. This campus was designed in the popular Mid-Century Modern style of the 1950s and 1960s with all one-story classroom buildings in rectangular shape and large eaves to shelter the walkways.

The campus space of 43,000 square feet is made up of six permanent buildings for classrooms, an administration office, an auditorium and cafeteria, a library and a covered lunch court area. Also included in the square footage are six portable classroom buildings. Aside from the library building, which was built in 2002, all of the permanent structures were built in 1953. In 2016, a new Joint Use Field was opened and a new natural turf replaced the existing decomposed granite playfield. This new addition will provide a park to the community after school hours and weekends.

Angier ES Joint Use Field with City of San Diego

Completed: January 2017

This Joint Use Agreement (JUA) project with the City of San Diego involves the construction of a Full Amenities Park by the City on the schools existing Decomposed Granite (DG) Field. The agreement allows the park to be used by the students during school hours and open as a public park to the community after school, on weekends and during school breaks.
