

Fulton K-8 School

7055 Skyline Dr.

San Diego, CA 92114

Sub-district: E
Cluster: Morse
Year School Opened: 1968
Grades: K-8

- ① Multi-sport Synthetic Turf Field
- ② Re-Roofing Project

Located in the Skyline neighborhood next to Morse High School and a short distance from O'Farrell, Valencia Park, and Nye Elementary schools, Fulton is one of nine kindergarten through eighth grade schools in the district.

Fulton's 7.5-acre campus consists of seven permanent buildings, five of which were completed when the school was opened in 1962. Two buildings were constructed in 2004 under Proposition MM. In addition, 20 portables were added at different times to accommodate the growing student population. The campus includes a designated pick-up/drop-off turnaround area, shaded lunch court structure, two hardtop play areas, several play structures, and a new synthetic turf field that was installed on the south end of the campus replacing a decomposed granite dirt field. The school is located in the warmest climate zone as designated by San Diego Unified and received accelerated site-wide air conditioning as part of the HVAC 2000 initiative.

Fulton K-8 Multi-sport Field

Completed: August 2014
Funding: Proposition Z

A new 58,858-square-foot synthetic turf field was installed over the existing decomposed granite play field. The school's logo was also installed at the center of the multi-sport field. In addition to a safe area for physical activities, the field was specifically designed to serve as an outdoor classroom, including yard hash marks that allow students to work with fractions, a center circle that can be used to calculate geometric formulas, among others.

Students play soccer after the ribbon cutting ceremony

Frisbees are passed back and forth to officially dedicate the field

The synthetic turf provides a much safer surface for students to play on

Fulton K-8 Re-Roofing Project

Completed: September 2021

This project involves replacing the roofs on the permanent buildings (kinder, cafeteria-multi purpose, two classroom buildings and covered walkway).
