① New Classroom Building and Parking Lot

San Diego Cooperative Charter School campus is in the Linda Vista neighborhood at the Linda Vista Annex site. The over 450 students are in grades Kindergarten through 8th and come from the surrounding San Diego County. The culture of the school is progressive and child-centered with collaborative learning and very small class sizes for all grades.

The campus facilities were originally built in 1966 in the mid-century modern design of that era. The facilities include four buildings for administration offices, classrooms, cafeteria/auditorium, library and building services and four portable buildings for extra classroom space.
