① Joint Use Field

Wegeforth ES is located in the heart of Serra Mesa, a residential community.  The residents in this diverse community are comprised of working class and middle class families that are professionals, military personnel and retired citizens.  Out of the over 200 student body, 60% are residents of the community.  This campus was designed in the popular Mid-Century Modern style of the 1950s and 1960s with all one-story classroom buildings in rectangular shape and large eaves to shelter the walkways.  The school also offers programs with it's Child Development Center and Primetime Extended Day that serves approximately 50% of the students.

The campus has 18 classrooms, 14 are in permanent buildings and four use portables.  There is a library located near all of the classrooms, which was built in 2004.  In 2016, a Joint Use Field was opened and a new natural turf replaced the existing decomposed granite playfield.  This new addition will provide a park to the community after school hours and on weekends.

# Wegeforth ES Joint Use Field
# with City of San Diego

Completed: April 2016

This Joint Use Agreement (JUA) project with the City of San Diego involves the construction of a full amenities park by the City on the schools existing Decomposed Granite (DG) Field.  The agreement assures the park is used by the students during school hours and opens as a public park after school, on weekends and during school breaks.  The project includes:

Aerial photo of new field

- Full Amenities Park w/ Natural Turf
- Accessible Restrooms
- Baseball, Softball & Soccer Fields
- Picnic Tables
- Track
- Lighting
- Landscaping & Irrigation
- Paved Walks of Travel
