0:0:18.453 --> 0:0:20.453

Avila II Edmundo

I'm mete Villa, PSA specialists.

0:0:21.453 --> 0:0:26.53

Avila II Edmundo

I'll be the first one to contact for any PSA needs for this project.

0:0:26.53 --> 0:0:27.173

Avila II Edmundo

Just go ahead and reach out to me first.

0:0:29.13 --> 0:0:31.13

Avila II Edmundo

Some of the other PSA staff was on the line as well.

0:0:31.13 --> 0:0:35.653

Avila II Edmundo

Todd Etheridge is going to be monitoring the chat and I will be meeting minutes.

0:0:37.373 --> 0:0:39.453

Avila II Edmundo

So for our GC today and you know what?

0:0:39.453 --> 0:0:40.813

Avila II Edmundo

We're we're still waiting for George Harris.

0:0:41.303 --> 0:0:43.583

Avila II Edmundo

Hopefully she'll be on soon.

0:0:43.983 --> 0:0:50.943

Avila II Edmundo

Doctor George Harris, PSA but for our GC team is Salt Lake Pacific and John Thur is going to be speaking for for Saltec today.

0:0:51.583 --> 0:0:54.303

Avila II Edmundo

So next time I go into some team procedures here.

0:0:54.303 --> 0:1:0.863

Avila II Edmundo

So First off, this meeting is being recorded and later on, a copy of the meeting will be uploaded to the PSA cloud.

0:1:1.423 --> 0:1:6.183

Avila II Edmundo

All participants are being captured automatically and you may notice everybody's muted as well.

0:1:6.973 --> 0:1:12.133

Avila II Edmundo

If you do need to speak and go ahead and raise your hand and just allow yourself to be unmuted.

0:1:13.443 --> 0:1:24.683

Avila II Edmundo

Either myself or George will be able to give you the ability to unmute your microphone. If you have any issues at all with your microphone, go ahead and put that in the the chat.

0:1:25.43 --> 0:1:26.963

Avila II Edmundo

Just let us know who you are.

0:1:26.963 --> 0:1:36.803

Avila II Edmundo

And then just if you're having any sort of mic issues and if you're a contractor, John Thur, he will read your pre job form for you. If you have any issues with the microphone?

0:1:37.243 --> 0:1:38.363

Avila II Edmundo

So today's meeting.

0:1:39.733 --> 0:1:43.493

Avila II Edmundo

Is we're gonna go over the scope, schedule and work rules?

0:1:44.63 --> 0:1:48.343

Avila II Edmundo

And of the project, make sure everybody's on the same page before the work actually starts.

0:1:49.893 --> 0:2:4.133

Avila II Edmundo

Goal today is that we're gonna review everybody's work assignments and then after this meeting, the work assignments are final. And after today, if any changes do need to be made, it have to be made. If the disputing parties can come to an agreement, and if not those.

0:2:4.133 --> 0:2:14.293

Avila II Edmundo

Disputing parties will go to process out, so the PSA, where they would meet with an

arbitrator who decide that for them next I'm gonna mention about contractors who are not.

0:2:14.853 --> 0:2:27.453

Avila II Edmundo

Minutes for each to Union and I need to utilize more than one manpower, so if that is you, your company, you need to use more than one manpower and you're not signatory to union, you're going to have to utilize the Union hiring laws.

0:2:27.453 --> 0:2:29.493

Avila II Edmundo

So let me give you an example how that would go.

0:2:29.493 --> 0:2:31.333

Avila II Edmundo

Let's just say you need a crew size of 6.

0:2:32.933 --> 0:2:40.693

Avila II Edmundo

Positions 1/3 and five would be your core workers and positions 24 and six would be manpower that's dispatched from the Union hall.

0:2:41.133 --> 0:2:44.653

Avila II Edmundo

Any manpower beyond six would have to be dispatched from the Union.

0:2:45.693 --> 0:2:58.573

Avila II Edmundo

Please keep in mind that your coworkers do need to be registered with the Union hall that you've made your work assignment to, even if you've made multiple work assignments and that that construction worker is going to be covering multiple trades, they need to register with each of those.

0:2:59.253 --> 0:3:0.293

Avila II Edmundo

Those trades.

0:3:1.533 --> 0:3:2.413

Avila II Edmundo

That's it for me.

0:3:2.413 --> 0:3:3.213

Avila II Edmundo

I'm going to do.

0:3:3.213 --> 0:3:6.893

Avila II Edmundo

I want to see, though, if George Harris, George, are you on the call by any chance?

0:3:7.803 --> 0:3:8.203

Harris III George

I am.

0:3:9.123 --> 0:3:14.763

Avila II Edmundo

Alright, just wanted to see if you wanted to add anything before I pass it along to John Thur with with Zltec. All right then.

0:3:12.763 --> 0:3:14.3

Harris III George

No comment, no no.

0:3:14.3 --> 0:3:15.523

Harris III George

Nothing to add.

0:3:15.723 --> 0:3:16.83

Harris III George

Let's go.

0:3:16.503 --> 0:3:28.463

Avila II Edmundo

Sounds good. Then John, go ahead and please go over the regular contract summary, which I know you went through last time, but just for everybody's knowledge. And then after that we'll jump right into the the contractors.

0:3:34.713 --> 0:3:36.833

Avila II Edmundo

My my microphone might be mirror.

0:3:39.523 --> 0:3:40.283

John Thur

That's OK.

0:3:40.283 --> 0:3:40.963

John Thur

I talk to myself a lot.

0:3:41.943 --> 0:3:42.583

Avila II Edmundo

Alright.

0:3:44.173 --> 0:4:4.853

John Thur

We have a whole site modernization going on at Baker Elementary, which includes a number of classroom buildings. We have a huge underground infrastructure project that will take place over the summer and eventually we end up with construction of a new building, a new administration classroom type building that.

0:4:4.893 --> 0:4:5.493

John Thur

Will be built.

0:4:7.173 --> 0:4:9.173

Avila II Edmundo

Keep keep in mind please to the the Union reps we're gonna be monitoring the chat for acceptances.

0:4:53.133 --> 0:4:57.493

Avila II Edmundo

So please go ahead and put them in the chat and we'll enter those into the the PSA app as well.

0:4:57.493 --> 0:5:4.253

0:16:59.213 --> 0:17:5.213

Avila II Edmundo

0:17:34.163 --> 0:17:34.803

Avila II Edmundo

All right then, Tim.

0:17:34.803 --> 0:17:35.483

Avila II Edmundo

Thank you very much.

0:17:37.53 --> 0:17:39.133

Avila II Edmundo

We'll go ahead and do the next contractor.

0:17:39.133 --> 0:17:46.533

Avila II Edmundo

So next contractor that's tiered to mech one would be mechanical insulator.

0:17:46.533 --> 0:17:49.773

Avila II Edmundo

I apologize if that's not the that's what it's showing here.

0:17:52.783 --> 0:17:55.623

Avila II Edmundo

Does anybody here with with Mechanic Insider go out and raise your hand please?

0:17:57.453 --> 0:17:59.613

Avila II Edmundo

And Shawn, would you mind reviewing their form please?

0:18:3.763 --> 0:18:6.683

Avila II Edmundo

Mechanical insulator a Tier 2 mech 1.

0:18:4.963 --> 0:18:12.163

John Thur

Mechanical insulators will be taking care of the HVAC insulation and they are signature to local 5.

0:18:14.283 --> 0:18:16.43

Avila II Edmundo

Alright, let's see if we have any hands.

0:18:15.333 --> 0:18:19.693

Ethridge Todd

The chat and then the chat looks like Freddy needs his mic. This disabled.

0:18:22.163 --> 0:18:22.363

Avila II Edmundo

Right.

0:18:24.63 --> 0:18:30.543

Harris III George

OK, so Tony put in the chat that Scott therm will be mechanical insulator.

0:18:30.543 --> 0:18:41.183

Harris III George

So is this a case where mechanical insulator was what we got from the DIR website and Scott therm is the actual name?

0:18:32.83 --> 0:18:32.883

Avila II Edmundo

That's yeah.

0:18:38.583 --> 0:18:39.223

Avila II Edmundo

That is it.

0:18:39.423 --> 0:18:40.383

Avila II Edmundo

Yep, thank you so much.

0:18:41.973 --> 0:18:43.453

Avila II Edmundo

That is it. That's correct, yes.

0:18:43.833 --> 0:18:48.153

Harris III George

OK. OK. Alright. Thank you Tony and and for.

0:18:45.93 --> 0:18:45.733

Avila II Edmundo

That is correct, yeah.

0:18:49.693 --> 0:18:52.493

Harris III George

Well, just just so everyone's clear, we.

0:18:54.173 --> 0:19:2.733

Harris III George

We get our information about the contractor's name from the DIR website and if it's not.

0:19:4.573 --> 0:19:8.533

Harris III George

If the right name isn't in the right field, we don't.

0:19:8.573 --> 0:19:10.453

Harris III George

We don't get the right information so.

0:19:12.93 --> 0:19:17.893

Harris III George

Someone from Scott therm probably needs to check the website and make sure that all the fields are completed correctly.

0:19:21.353 --> 0:19:21.793

Avila II Edmundo

Sounds good.

0:19:21.793 --> 0:19:22.593

Avila II Edmundo

Thank you, George.

0:19:22.203 --> 0:19:23.43

Harris III George

Let's move on.

0:19:24.293 --> 0:19:26.413

Avila II Edmundo

Alright, next contractor is.

0:19:29.433 --> 0:19:33.473

Avila II Edmundo

A minute. Let me take her site. Utilities, plumbing.

0:19:35.13 --> 0:19:35.893

Avila II Edmundo

Which I believe is.

0:19:37.613 --> 0:19:39.853

Avila II Edmundo

Jds plumbing.

0:19:40.533 --> 0:19:41.853

Avila II Edmundo

Wait. Give me a second. No, no, no.

0:19:42.413 --> 0:19:43.213

Avila II Edmundo

Yeah, that is them.

0:19:43.893 --> 0:19:45.333

Avila II Edmundo

OK, if there's anybody here with.

0:19:46.903 --> 0:19:48.383

Harris III George

Giovanni Campos.

0:19:47.63 --> 0:19:47.543

Avila II Edmundo

One second.

0:19:47.543 --> 0:19:50.23

Avila II Edmundo

Hang on, Giovanni. OK.

0:19:50.543 --> 0:19:55.663

Avila II Edmundo

It's once again it's that display name and I I forwarded them as well the information to update the on the DRI website.

0:19:55.663 --> 0:19:56.423

Avila II Edmundo

But go ahead, Giovanni.

0:19:57.373 --> 0:19:59.453

Giovanni Campos

Yeah, we're. I'm with you, Pat.

0:19:59.453 --> 0:20:7.813

Giovanni Campos

Jds Plumbing and mechanical. We are doing the mechanical piping refrigeration for mech one and we are signatory to local 230.

0:20:7.903 --> 0:20:8.143

Giovanni Campos

Speech.

0:20:9.903 --> 0:20:10.343

Avila II Edmundo

Thank you, Joe.

0:20:10.343 --> 0:20:15.783

Avila II Edmundo

I appreciate that and let me see Freddie Flores, did you have your hand up?

0:20:15.783 --> 0:20:16.143

Avila II Edmundo

Go ahead.

0:20:18.223 --> 0:20:21.223

Fredi F. local 5 insulators and Firestoppers

But I was struggling with the phone.

0:20:21.223 --> 0:20:24.143

Fredi F. local 5 insulators and Firestoppers

I couldn't find the raised hand, but I got it. So I got a couple of questions.

0:20:25.693 --> 0:20:29.253

Fredi F. local 5 insulators and Firestoppers

For Costco, Fire Protection, does any fire stopping involved in the scope of work?

0:20:30.583 --> 0:20:35.623

Timm Ryker

We haven't determined that as of yet, but if there is, we will certainly assign it to the Union.

0:20:36.973 --> 0:20:39.813

Fredi F. local 5 insulators and Firestoppers

OK, so that that probably gonna be later on the future meeting.

0:20:40.573 --> 0:20:40.893

Timm Ryker

Correct.

0:20:41.453 --> 0:20:42.693

Fredi F. local 5 insulators and Firestoppers

Thank you so much for the Minutes.

0:20:42.693 --> 0:20:44.413

Fredi F. local 5 insulators and Firestoppers

You know Local 5 is gonna claim that work.

0:20:44.493 --> 0:20:46.93

Fredi F. local 5 insulators and Firestoppers

And then my second question.

0:20:47.813 --> 0:20:58.293

Fredi F. local 5 insulators and Firestoppers

Is Scott from it's they're sending through to local 5, so we do accept that assignment for for Scouter and then Giovanni, I I don't if I get, I'm getting ahead of myself.

0:20:58.293 --> 0:21:1.93

Fredi F. local 5 insulators and Firestoppers

But there's any mechanical insulation in the scope of work.

0:21:3.533 --> 0:21:4.653

Giovanni Campos

I'm not covering that.

0:21:4.653 --> 0:21:5.333

Giovanni Campos

That is, make one.

0:21:6.833 --> 0:21:7.153

Fredi F. local 5 insulators and Firestoppers

OK.

0:21:7.153 --> 0:21:12.793

Fredi F. local 5 insulators and Firestoppers

So I'm assuming Mac one is gonna use Skyrim to to do all the mechanical and installation, right?

0:21:17.193 --> 0:21:21.193

Harris III George

Scott Armour for all work. That's what Tony at Mequon says.

0:21:20.113 --> 0:21:20.433

Fredi F. local 5 insulators and Firestoppers

OK.

0:21:22.343 --> 0:21:22.743

Fredi F. local 5 insulators and Firestoppers

Sounds good.

0:21:22.743 --> 0:21:23.663

Fredi F. local 5 insulators and Firestoppers

Thank you so much.

0:21:23.663 --> 0:21:24.783

Fredi F. local 5 insulators and Firestoppers

We do accept that assignment.

0:21:27.63 --> 0:21:28.863

Avila II Edmundo

Alright, Barry, can you had your hand up?

0:21:31.153 --> 0:21:33.273

Barry Kenny

Yes. Good morning everyone. Excuse me.

0:21:34.813 --> 0:21:35.213

Barry Kenny

Barry Kenny.

0:21:35.213 --> 0:21:39.373

Barry Kenny

Local 230 will accept the assignment from JDS, our signatory contractor.

0:21:39.373 --> 0:21:40.133

Barry Kenny

Thanks, Gio.

0:21:41.813 --> 0:21:43.293

Avila II Edmundo

Alright, thank you very much Barry.

0:21:42.733 --> 0:21:43.253

Giovanni Campos

You're welcome.

0:21:44.973 --> 0:21:47.93

Avila II Edmundo

Alright, we'll go to more to the next contractor on the app.

0:21:47.93 --> 0:21:54.893

Avila II Edmundo

It's gonna show Na, but it is San Diego Steel solutions. They've been trying to get their name updated as well on the DIR.

0:21:55.213 --> 0:21:56.773

Avila II Edmundo

Does anybody here at San Diego still solutions?

0:21:56.773 --> 0:21:57.973

Avila II Edmundo

Please go ahead and raise your hand.

0:21:58.213 --> 0:21:59.333

Avila II Edmundo

They're not self performing.

0:21:59.333 --> 0:22:0.813

Avila II Edmundo

They are gonna have two tiered Subs.

0:22:0.813 --> 0:22:3.613

Avila II Edmundo

We already reviewed Bob's Crane for them, but.

0:22:5.3 --> 0:22:7.563

Harris III George
