 Set to Revise and Resubmit: During 3/28/23 Pre-Job meeting, it was noted that the scope of work needed to be revised to remove "Piper Layer Operator" as that work is under Laborer's not Operators (Per LU12). In addition, during the meeting LU89-Chris B. noted speaking with you about subbing out the "box building" -please add said tier under the tier section, request the Letter of Assent for this project, and provide the contact name, title, email, and phone # so they can complete their pre-job form.
