Estimated Construction End Date

8/21/2026

Contract Summary

GMP2 includes construction of a new two-story multi-purpose building and a stadium-style lecture hall with CMU and plaster exterior, featuring exterior sheet metal canopy covers and PVC roofing. The new building will feature advanced science laboratories, a media and computer lab, and various classrooms designed for interactive learning. Offices for the director, counselors, and staff will also be included. The lecture hall will have stadium seating and accommodate 150 seats, and have large windows for natural light, creating an ideal space for school assemblies and events. Demolition will also occur making way for exterior site improvements with three new tennis courts and a main quad area which will provide a central gathering space with enhanced landscaping and paving connecting the new facilities with the existing campus.
