SUBCONTRACTOR LIST

NOTE!

The Subcontractor List contains the Architect's listing of expected trades performing work over .5% of the project estimate. DO NOT change or alter the listing in any way. You are free to add any trades performing work over .5% over and above that of the Architect's projection. The listing provided does not relieve you of the Public Contract Code requirement to list ALL subcontractors performing over 1/2 of 1% of the projects scope of work.

If you will not be listing a subcontractor for a particular trade, strike the trade on the List and initial the change. There are only THREE acceptable reasons to strike a trade:

1. Your firm is self-performing the struck portion.
2. According to your firm's offer, the struck trade is less than .5% of your offer and therefore does not need to be listed.
3. The struck trade is being sub-tiered under a listed subcontractor and as such is, if the listed subcontractor is a "C" specialty licensed contractor only, incidental and supplemental to the listed subcontractors work.

Be aware that if you strike a listed trade and your firm is one of the top three apparent low bidders, District staff will enquire as to how the struck trade work will be performed.

NOTE: Under Public Contract Code section 4100 et. seq. known as the Subletting and Subcontracting Fair Practices Act, all subcontractors (defined under Public Contract Code section 4113 and Business & Professions Code section 7026) to the prime contractor performing work in excess of 0.5% of the bid must be listed. At time of bid, a listed subcontractor must be licensed with the California State Contractors License Board (CSLB).

*The Bidder shall designate/identify the listed subcontractors as DVBE's in the DVBE/SDVOB Bidder Declaration at **time of bid** and within twenty-four (24) hours after the opening Bid Proposals on the Subcontractor List under Public Contract Code section 4104(a)(2)(A). Failure of a Bidder to meet the 3% DVBE participation percentage requirement pursuant to Resolution In Support of Service Disabled Veterans Owned Businesses (SDVOB) and Disabled Veteran Business Enterprises (DVBE) approved on May 10, 2011 by Board of Education shall result in rejection of the Bidder's Bid Proposal for non-responsiveness. DVBE's need to have a current and valid certification from the State of California Department of General Services. SDVOB's need to have a current and valid verification letter from the Department of Veteran's Affairs Center for Veterans Enterprise; self-representation will not be accepted. DVBE and SDVOB eligibility is a one year period and must be renewed annually; eligibility must be current at time of bid and contract award. Failure of a Bidder to submit the designation/identification of subcontractors pursuant to the preceding may result in rejection of the Bidder's Bid Proposal for non-responsiveness. For purposes of the preceding, the following definitions shall apply:

Small Business: A business concern, independently owned and operated, not dominant in the field of operation and who's size determinations and annual receipts are in accordance with the U.S. Department of Commerce "Standard Industrial Classification Manual". Size determination is set by either (1) annual receipts or (2) number of employees. In size determinations where the standard is "annual receipts", size eligibility requires that the concern may not exceed the "annual receipts" in that standard. In size determinations where the standard is "number of employees", size eligibility requires that the concern may not exceed the number of employees in that standard. "Number of employees" means the average employment of the concern for the preceding completed 12 calendar month period. A concern is "not dominate in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. The designation of small business shall include:

"DVBE" Disabled Veteran Business Enterprise. A business concern that is certified by the State of California Department of General Services Office of Small and Minority Business, 51% owned and operated by a disabled veteran.

"SBE" Small Business Enterprise. A small business concern independently owned and operated by a non-minority, qualifying in one of the above categories.

Percentage of Contract value. The Bidder shall stipulate what percentage of work a small business; a DVBE or a SBE will perform in relation to the total bid value.

SUBCONTRACTOR COMPLIANCE STATEMENT

Under applicable authority, including but not limited to the District's bid documents, Public Contract Code section 4100 et seq., Business & Professions Code section 7055 et seq., California Code of Regulations Title 16, Division 8, and the California Contractors State License Board, I have verified the following regarding my listed subcontractors at the time I submit my bid:

- ✓ Each listed subcontractor is properly licensed for the trade in which I have listed it.
- ✓ Each listed subcontractor has an active and valid California State contractor's license.
- ✓ Each listed "B" general building contractor is performing at least two unrelated trades, (regardless of percentage) to framing or carpentry.
- ✓ That each listed "C" classification specialty subcontractor is not sub-tiering out any portion of their listed work unless it is incidental and supplemental to the work of the listed C subcontractor.
- ✓ Each DVBE/SDVOB subcontractor is listed in the DVBE/SDVOB Bidder Declaration as well as the Subcontractor List.

I am aware that failure to complete this statement and/or failure to follow the requirements above may deem my bid non-responsive.

I certify to the best of my knowledge under the laws of the State of California that the foregoing is true and correct. I have executed this in San Diego City, CA
