Here, the applicable prevailing wage determination for construction services referenced in the published GMP advertisement is **2024-2**. The **first** bid advertisement date for each District defined GMP phase shall establish the applicable prevailing wage determination, regardless of how many times the Prime Contractor published an advertisement. That **first** bid advertisement to subcontractors shall state the applicable prevailing wage determination for construction services for the duration of that District defined GMP phase. However, bidders may NOT combine multiple bid packages for multiple GMPs, into a single GMP submission. All bids will be reviewed and evaluated for completeness of scope coverage. Subcontracts shall be awarded, if awarded at all, by the general contractor on the basis of lowest bid. The District defines lowest bid as the lowest responsive, responsible bid for a single bid package or the summation of the lowest value of multiple bid packages, if multiple bid packages were proposed by a subcontractor.
