Here, the applicable prevailing wage determination for construction services referenced in the published GMP advertisement is 2023-1. The **first** bid advertisement date for each District defined GMP phase shall establish the applicable prevailing wage determination, regardless of how many times the Prime Contractor published an advertisement. That **first** bid advertisement to

subcontractors shall state the applicable prevailing wage determination for construction services for the duration of that District defined GMP phase. Each District defined GMP phase for construction services may have a different prevailing wage determination based on its separate publication of the first bid advertisement date. If a bidder is interested in bidding multiple bid packages, the bidder must submit individual bids for each bid package per GMP. Bidders may demonstrate economy of scale savings on their proposal forms by bidding multiple bid packages for a single GMP. However, bidders may NOT combine multiple bid packages for multiple GMPs, into a single GMP submission. All bids will be reviewed and evaluated for completeness of scope coverage. Subcontracts shall be awarded, if awarded at all, by the general contractor on the basis of lowest bid. The District defines lowest bid as the lowest responsive, responsible bid for a single bid package or the summation of the lowest value of multiple bid packages, if multiple bid packages were proposed by a subcontractor. If DVBE mandatory participation is needed, the next lowest subcontractor who can meet the minimum 3% DVBE requirement may be selected.
