The **first** bid advertisement date for each District defined GMP phase shall establish the applicable prevailing wage determination, regardless of how many times the Prime Contractor published an advertisement. That first bid advertisement to subcontractors shall state the applicable prevailing wage determination for construction services for the duration of that District defined GMP phase. Each District defined GMP phase for construction services may have a different prevailing wage determination based on its separate publication of the **first** bid advertisement date. **For subcontracts of \$25,000 that do not exceed \$100,000, a Personal Guarantee signed and notarized by an authorized representative awarded the subcontract will be requested instead of bonds.**

**BID PACKAGES:** This project is being bid as "Bid Packages" per contract number. The bidder must self-perform a minimum of 15% of each bid package that is being bid. If a bidder is interested in bidding multiple bid packages, the bidder must submit individual bids for each bid package per GMP. Bidders may demonstrate economy of scale savings on their proposal forms by bidding multiple bid packages for a single GMP. However, bidders may NOT combine multiple bid packages for multiple GMPs, into a single GMP submission. All bids will be reviewed and evaluated for completeness of scope coverage. Subcontracts shall be awarded, if awarded at all, by the general contractor on the basis of lowest bid. The District defines lowest bid as the lowest responsive, responsible bid for a single bid package or the summation of the lowest value of multiple bid packages, if multiple bid packages were proposed by a subcontractor. If DVBE mandatory participation is needed, the next lowest subcontractor who can meet the minimum 3% DVBE requirement may be selected.

**BID PACKAGES ARE AS FOLLOWS.** It is required that bidders possess any of the following classification(s) of California State Contractors License(s) (or other appropriate licenses, subject to District approval), valid and in good standing, at the time of bid opening and contract award.

*Note:* Authorized under Education Code §17406, LLB is a common delivery method used by approximately 89 school districts in California, including 15 school districts within San Diego County. Effective January 1, 2017, Lease-Leaseback is to be used via a competitive selection process for best value award (in contrast to the regular design bid-build, which requires the award to the lowest bidder).
