The Bidder shall list only one Subcontractor for each portion of the Work as is defined by the Bidder in its Bid Proposal. If a Bidder fails to list a Subcontractor or if the Bidder specifies more than one Subcontractor for the same portion of Work to be performed under the Contract Documents valued in excess of one-half of one percent (0.5%) of the Bidder's Bid Proposal amount, the Bidder shall be deemed to have agreed that it is fully qualified to perform that portion of the Work itself and that it shall perform that portion of the Work. Subcontractor is defined in Public Contract Code §4113 and Business & Professions Code §7026.

Confirmation of Figures: By submitting this Bid Proposal, the Bidder confirms that it has checked all of the above figures and understands that neither the District nor any of its agents, employees or representatives shall be responsible for any errors or omissions on the part of the undersigned Bidder in preparing and submitting this Bid Proposal.

Acknowledgment and Confirmation: The undersigned Bidder acknowledges its receipt, review and understanding of the Drawings, the Specifications and other Contract Documents pertaining to the proposed Work. The undersigned Bidder certifies that the Contract Documents are, in its opinion, adequate, feasible and complete for providing, performing and constructing the Work in a sound and suitable manner for the use specified and intended by the Contract Documents. The undersigned Bidder certifies that it has, or has available, all necessary equipment, personnel, materials, facilities and technical and financial resources to complete the Work for the amount bid herein within the Contract Time and in accordance with these contract documents.

NOTE: Under Public Contract Code section 4100 et. seq. known as the Subletting and Subcontracting Fair Practices Act, all subcontractors (defined under Public Contract Code section 4113 and Business & Professions Code section 7026) to the prime contractor performing work in excess of 0.5% of the bid must be listed. At time of bid, a listed subcontractor must be licensed with the California State Contractors License Board (CSLB).

*The Bidder shall designate/identify the listed subcontractors as DVBE's and/or SBE's within twenty-four (24) hours after the opening Bid Proposals under Public Contract Code section 4104(a)(2)(A). Failure of a Bidder to meet the 3% DVBE participation percentage requirement pursuant to Resolution In Support of Service Disabled Veterans Owned Businesses (SDVOB) and Disabled Veteran Business Enterprises (DVBE) approved on May 10, 2011 by Board of Education shall result in rejection of the Bidder's Bid Proposal for non-responsiveness. DVBE's need to have a current and valid certification from the State of California Department of General Services. SDVOB's need to have a current and valid verification letter from the Department of Veteran's Affairs Center for Veterans Enterprise; self-representation will not be accepted. DVBE and SDVOB eligibility is a one year period and must be renewed annually; eligibility must be current at time of bid and contract award. Failure of a Bidder to submit the designation/identification of subcontractors pursuant to the preceding may result in rejection of the Bidder's Bid Proposal for non-responsiveness. For purposes of the preceding, the following definitions shall apply:

Small Business: A business concern, independently owned and operated, not dominant in the field of operation and who's size determinations and annual receipts are in accordance with the U.S. Department of Commerce "Standard Industrial Classification Manual". Size determination is set by either (1) annual receipts or (2) number of employees. In size determinations where the standard is "annual receipts", size eligibility requires that the concern may not exceed the "annual receipts" in that standard. In size determinations where the standard is "number of employees", size eligibility requires that the concern may not exceed the number of employees in that standard. "Number of employees" means the average employment of the concern for the preceding completed 12 calendar month period. A concern is "not dominate in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. The designation of small business shall include:

"DVBE" Disabled Veteran Business Enterprise. A business concern that is certified by the State of California Department of General Services Office of Small and Minority Business, 51% owned and operated by a disabled veteran.

"SBE" Small Business Enterprise. A small business concern independently owned and operated by a non-minority, qualifying in one of the above categories.

Percentage of Contract value. The Bidder shall stipulate what percentage of work a small business; a DVBE or a SBE will perform in relation to the total bid value.

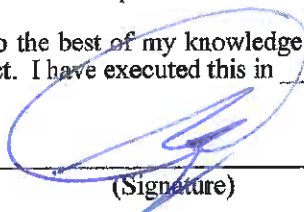

SUBCONTRACTOR COMPLIANCE STATEMENT

Under applicable authority, including but not limited to the District's bid documents, Public Contract Code section 4100 et seq., Business & Professions Code section 7055 et seq., California Code of Regulations Title 16, Division 8, and the California Contractors State License Board, I have verified the following regarding my listed subcontractors at the time I submit my bid *(and I acknowledge that I have received and reviewed the attached SAMPLES for the right and wrong ways to list subcontractors who are performing more than 1/2 of 1% of my total bid)*:

- ✓ Each listed subcontractor is properly licensed for the trade in which I have listed it.
- ✓ Each listed subcontractor has an active and valid California State contractor's license.
- ✓ Each listed subcontractor is performing only one trade. If the same subcontractor is performing more than one trade over 1/2 of 1%, I have listed it separately for each trade it will perform.
- ✓ Each listed "B" general building contractor is performing at least two unrelated trades, (regardless of percentage) to framing or carpentry.
- ✓ I understand that the District does not allow any sub-tiered subcontractors to perform any work in excess of 1/2 of 1% for any subcontractor I have listed that possesses a "C" classification specialty license only.

I am aware that failure to complete this statement and/or failure to follow the requirements above may deem my bid non-responsive.

I certify to the best of my knowledge under the laws of the State of California that the foregoing is true and correct. I have executed this in San Diego, CA
