0:1:17.940 --> 0:1:21.470

Cruz Maria

We will note them in our meeting minutes and verbally note them.

0:1:21.720 --> 0:1:26.590

Cruz Maria

We understand that for recording purposes, having it verbally noted is important.

0:1:26.600 --> 0:1:29.410

So that's why I will note them as they pop up in the chat.

0:1:30.260 --> 0:1:52.0

0:1:52.650 --> 0:1:55.100

Cruz Maria

So now to introductions, I am Maria Cruz.

0:1:55.110 --> 0:2:0.740

Cruz Maria

I am the primary contact for day-to-day questions regarding the PSA participation for this project.

0:2:0.830 --> 0:2:12.620

Cruz Maria

Also on our call is our wonderful PSA team consisting of Mr George Harris, our director, who gets involved with any substantial matters or issues arise.

0:2:13.570 --> 0:2:13.950

Cruz Maria

Uh.

0:2:14.30 --> 0:2:15.820

Cruz Maria

Todd Etheridge.

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:2:15.950 --> 0:2:19.860

Cruz Maria

Ed Avila and of course, Loretta Walden.

0:2:19.870 --> 0:2:22.200

Cruz Maria

Who is our guru for our app?

0:2:23.480 --> 0:2:26.740

Cruz Maria

Umm, so as you're going through, if you have any issues with the app, you can contact Loretta as well.

0:2:27.720 --> 0:2:32.950

Cruz Maria

So next we're gonna go through and review the significance of the pre job conference form.

0:2:33.280 --> 0:2:42.850

Cruz Maria

So the first thing is that is a mandatory meeting under section 8.5 of the PSA which states in short to avoid to avoid jurisdictional disputes.

0:2:42.860 --> 0:2:51.210

Cruz Maria

A pre job conference is required to be held prior to the start of work by all contractors at every level performing covered work by this agreement.

0:2:51.540 --> 0:3:3.140

Cruz Maria

So for the purpose of reviewing scopes and determining the crafts to be used, establishing estimated manpower needs getting an idea of the schedule of work for the contractor.

0:3:3.310 --> 0:3:23.180

Cruz Maria

And of course, the project working roles now our Article 16 goes into further detail describing the activities to take place at the pre job conference, noting that all work assignments should be disclosed by each contractor and if any formal jurisdictional disputes between the unions on an assignment pop up, they will be noted.

0:3:23.950 --> 0:3:27.840

Cruz Maria

I will review those how those are handled in a in the next few minutes.

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:3:28.680 --> 0:3:32.750

Cruz Maria

So additionally, the purpose of the pre job conference is to bring together the district.

0:3:32.760 --> 0:3:53.390

Cruz Maria

The GCS are their subcontractors and the unions to ensure everyone is on the same page with scopes and schedules, noting that every contractor with a signed contract or PO, including all tiered Subs, must be identified and are required to sign and submit a letter of assent by the end of the meeting.

0:3:53.460 --> 0:4:6.100

Cruz Maria

Our goal is that all work assignments will be completed being permanent and final, so Next up is a quick review on how the crew set up is set up for a PSA projects.

0:4:6.630 --> 0:4:27.630

Cruz Maria

The PSA implements what is called a composite crew concept, meaning if your company is non signatory to a union outside of these PSA projects and your work requires a crew of two or more, you are required to utilize the unions hiring hall for all manpower as a non signatory contractor you are allowed three core workers per trade.

0:4:28.500 --> 0:4:37.450

Cruz Maria

However, per the PSA hiring rules, core workers will be required to register with the applicable trade or trades.

0:4:37.520 --> 0:4:43.390

Cruz Maria

So if you have that Jack of all trades and he does a little bit of everything, then he'll need to sign up with each trade that he does work for.

0:4:44.350 --> 0:4:44.820

Cruz Maria

Umm.

0:4:45.30 --> 0:4:57.240

Cruz Maria

Per those assignments, unless is all prior to starting work on site now, per RPS a 3.6, the composite crews made up of a ratio of 1 to 1 core worker to union dispatch worker.

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:4:57.490 --> 0:5:2.260

Cruz Maria

So if your core workers, so up to your 3 core workers, of course.

0:5:3.70 --> 0:5:12.720

Cruz Maria

So if you have a crew of six, you're 3 core workers will be the first, third and 5th workers on site with the Union dispatch workers being the 2nd, 4th and 6th.

0:5:12.890 --> 0:5:17.320

Cruz Maria

Then after the 6th worker, all additional workers will be dispatched from the Union hall.

0:5:17.950 --> 0:5:30.300

Cruz Maria

When requesting dispatch from the Union hall, a contractor can and should stipulate any specific skills or certifications needed to complete the task, especially if there's any kind of specialty requirements.

0:5:30.650 --> 0:5:36.830

Cruz Maria

Depending on the Union, the contractor can request workers by name and can request workers from the dispatch.

0:5:36.840 --> 0:5:39.310

Cruz Maria

The districts identified priorities ZIP codes.

0:5:39.990 --> 0:5:53.920

Cruz Maria

The district has goals for employing residents of San Diego County residents within the district's boundaries, and residents within the districts targeted ZIP codes, which have been identified in the paperwork that's been sent out to the GC's for all the dispatching.

0:5:55.110 --> 0:5:58.640

Cruz Maria

O at today's meeting, each contractor will be asked to make a work assignment.

0:5:58.690 --> 0:6:3.940

Cruz Maria

Each sub, including tiers, are Subs are responsible for making their own work assignments.

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:6:4.370 --> 0:6:5.780

Cruz Maria

AGC cannot make it work.

0:6:5.790 --> 0:6:8.300

Cruz Maria

Assignment for a sub and a sub cannot make it work.

0:6:8.310 --> 0:6:16.430

Cruz Maria

Assignment for a tier all Subs should have already completed a pre job forum describing their scope and work assignment.

0:6:16.730 --> 0:6:23.100

Cruz Maria

If you have not already completed these forms and you're on the call right now, please you can do it before we get to you.

0:6:23.110 --> 0:6:25.270

Cruz Maria

And if they're submitted, we can review them.

0:6:25.920 --> 0:6:31.520

Cruz Maria

If not, then you're just gonna go to the next meeting, which again will be in the next upcoming weeks.

0:6:32.730 --> 0:6:44.80

Cruz Maria

The contractor has the right to choose the assignment of the scope come assignment to the unions as long as the Union being assigned claims it and accepts it.

0:6:44.590 --> 0:6:52.340

Cruz Maria

Once the scope of work is assigned to a craft and or union, it is considered final and can be only and can only be changed by one or two ways.

0:6:52.710 --> 0:6:54.680

Cruz Maria

The 1st way is the two unions involved.

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:6:54.690 --> 0:7:5.500

Cruz Maria

Discuss and must agree to the change, or at the discretion of an arbitrator, through a process that is outside of this PSA meeting called the plan now changes other than work.

0:7:5.510 --> 0:7:10.770

Cruz Maria

Assignments need to be reflected in the pre job form and will need to be revised and resubmitted right away.

0:7:11.260 --> 0:7:15.330

Cruz Maria

OK, now let's getting now, let's get into reviewing how the meeting will go.

0:7:15.780 --> 0:7:18.190

Cruz Maria

I'd like to ask Stephanie.

0:7:18.760 --> 0:7:21.410

Cruz Maria

Ohh I didn't say hello to Stephanie.

0:7:21.420 --> 0:7:21.930

Cruz Maria

Hold on.

0:7:22.440 --> 0:7:26.190

Cruz Maria

I kinda skipped that section, so we want to recognize today's meeting.

0:7:26.340 --> 0:7:30.590

Cruz Maria

Stephanie Floyd, the senior PM on the project, and Stephanie.

0:7:33.400 --> 0:7:33.730

Stephanie Foy

Allison.

0:7:32.880 --> 0:7:39.750

Cruz Maria

The LASK Valasek, our project manager for this project with Swinnerton.

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:7:40.220 --> 0:7:42.520

Cruz Maria

So we're first step is gonna be Stephanie.

0:7:43.920 --> 0:7:46.50

Cruz Maria

And let me get back down to there.

0:7:46.580 --> 0:7:59.750

Cruz Maria

So Stephanie's gonna describe the overall project in schedule, noting if they plan on doing any self perform work and then they're gonna go into their self perform work and assignments, then I'm going to pull up each Subs paperwork announcing them one by one.

0:7:59.920 --> 0:8:3.230

Cruz Maria

Each sub will describe the scope of work they will be performing.

0:8:4.0 --> 0:8:7.60

Cruz Maria

They'll make their announcement of their work assignments to the unions.

0:8:7.70 --> 0:8:11.110

Cruz Maria

Identify any tier Subs and then answer any questions from the unions.

0:8:11.600 --> 0:8:20.940

Cruz Maria

Unions will do their acceptance in the chat or if they have any questions and in combination with their acceptance, they'll raise their hand and be recognized.

0:8:21.430 --> 0:8:29.740

Cruz Maria

If the sub is not present, Stephanie will read the scope in assignment and answer any questions or take notes of questions for the sub to respond to later.

0:8:30.450 --> 0:8:35.140

Cruz Maria

Now, if a Union challenges the work assignment, one of the following scenarios will happen.

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:8:35.150 --> 0:8:40.170

Cruz Maria

First we will check to see if the Union be in the sign is present and accepts the described work.

0:8:40.290 --> 0:8:47.100

Cruz Maria

2nd If the Union assign, the work is absent, we will note the challenge and ensure the contractor is aware of the challenge.

0:8:47.290 --> 0:8:53.660

Cruz Maria

3rd if the sub is absent, the challenge will be noted and the GC will notify the sub of the challenge.

0:8:54.70 --> 0:8:58.940

Cruz Maria

We do like to remind the contractors that the work assignment is 100% up to them and is final.

0:8:59.70 --> 0:9:4.880

Cruz Maria

Work assignments will not be changed unless the two unions agree, or an arbitrator orders the change.

0:9:5.630 --> 0:9:13.170

Cruz Maria

To reiterate from earlier, just to save time, we ask that the unions note acceptances in the chat or in the Q&A.

0:9:14.80 --> 0:9:14.610

Cruz Maria

Umm.

0:9:14.940 --> 0:9:17.620

Cruz Maria

And we will recognize those from there.

0:9:18.100 --> 0:9:19.800

Cruz Maria

So George, is there anything you'd like to add?

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:9:21.980 --> 0:9:23.380

No, I think you covered everything.

0:9:24.360 --> 0:9:24.970

Cruz Maria

Perfect.

0:9:25.200 --> 0:9:27.470

Cruz Maria

Alright, so Stephanie, we're going to go ahead and get into.

0:9:29.640 --> 0:9:34.930

Cruz Maria

Cruz Maria

Stephanie the DIR project number hasn't been assigned yet.

0:9:39.500 --> 0:9:47.290

Cruz Maria

Within the next day or two it should be and then this will be updated with the actual contract amount and the DIR project number.

0:9:46.280 --> 0:9:48.820

10 four thank you for the clarification.

0:22:55.260 --> 0:22:55.810

Sarkis McClement

I appreciate it.

0:22:57.450 --> 0:22:58.360

Cruz Maria

Thank you, gentlemen.

0:23:0.250 --> 0:23:23.100

Cruz Maria

OK, seeing no additional hands or comments related to Murray, we will then mark this for the 206 as final since there were no comments or arguments and move on to our next contractor noting that D3 did have a question in the chat regarding their order and Claudia, you are tucked under Will Scott.

0:23:23.110 --> 0:23:30.680

Cruz Maria

So regretfully, you're way at the bottom, but luckily we only had 15 contractors this morning and we are going through them quite nicely.

0:23:31.400 --> 0:23:37.840

Cruz Maria

I'm currently the tier Subs for Murray have not completed their form so they will be in the next meeting as well.

0:23:39.10 --> 0:23:41.790

Cruz Maria

So up next is Neil Electric.

Cruz Maria

If we have anyone from Neil, please raise your hand.

0:23:48.550 --> 0:23:49.100

Cruz Maria

There we go.

0:23:49.110 --> 0:23:51.870

Cruz Maria

0:23:55.570 --> 0:23:56.340

David Miller

Alright, how you doing?

0:23:57.90 --> 0:23:57.480

Cruz Maria

Good.

0:23:57.490 --> 0:23:58.240

Cruz Maria

How are you this morning?

0:23:58.880 --> 0:23:59.510

David Miller

Great.

0:23:59.580 --> 0:23:59.960

David Miller

Thank you.

0:24:0.720 --> 0:24:1.80

Cruz Maria

Perfect.

0:24:3.500 --> 0:24:7.580

0:24:8.550 --> 0:24:8.920

David Miller

Sure.

0:24:8.930 --> 0:24:10.940

David Miller

So Neil Electric will be taken care of.

0:24:10.950 --> 0:24:17.310

David Miller

All general installs of electrical and any pathways needed throughout the campus and existing buildings.

0:24:20.830 --> 0:24:21.420

Cruz Maria

Perfect.

0:24:21.430 --> 0:24:22.820

Cruz Maria

And who you are assigning that work to?

0:24:24.130 --> 0:24:25.780

David Miller

We are going with 569.

0:24:26.750 --> 0:24:27.280

Cruz Maria

Perfect.

0:24:27.330 --> 0:24:34.290

Cruz Maria

And 569 Jennifer does accept in the chat and then if you can go over your tier Subs.

0:24:35.560 --> 0:24:35.890

David Miller

Sure.

0:24:35.900 --> 0:24:39.710

David Miller

So we're using Odigo's out there for all of our excavation needs.

0:24:40.300 --> 0:24:47.860

David Miller

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:24:49.690 --> 0:24:51.260

Cruz Maria

OK, perfect.

0:24:51.350 --> 0:24:57.190

Cruz Maria

And then World Bridge in Johnson Controls for fire alarm and low voltage and then.

0:24:56.770 --> 0:25:4.740

David Miller

Yeah, they're both doing the low Volt for fire alarm and for the low voltage and I believe they both pull out of 569 also.

0:25:5.660 --> 0:25:6.10

Cruz Maria

OK.

0:25:6.20 --> 0:25:10.110

Cruz Maria

And then we're going to go ahead and review their forms as well, but Sarkis has a question.

0:25:10.120 --> 0:25:11.400

Cruz Maria

First, Sarkis, go ahead.

0:25:12.760 --> 0:25:16.500

Sarkis McClement

Does the Starkeys McLean with the operators that we accept the assignment for model egos?

0:25:17.710 --> 0:25:19.940

Cruz Maria

OK, we're going to get to that shortly.

0:25:20.270 --> 0:25:23.640

0:25:59.0 --> 0:26:5.800

David Miller

If that changes, I can add that to one of the next meetings, but right now, reviewing the plans, I don't see a huge need for that.

0:26:6.610 --> 0:26:9.870

Fredi Flores (Guest)

Did you guys gonna penetrate any fire rated walls?

0:26:11.70 --> 0:26:11.940

David Castro

There's a couple of work is a all communications, telecom infrastructure, cabling and installations.

Perfect.

0:28:40.420 --> 0:28:43.790

Cruz Maria

And 569 does, except in the chat.

0:28:43.800 --> 0:28:45.210

I see no other questions or comments in the chat and no additional hands.

0:28:50.630 --> 0:28:55.250

Cruz Maria

OK, I'm not seeing any hands.

0:29:15.730 --> 0:29:18.70

Cruz Maria

So Stephanie, if you can go ahead and read.

0:29:19.650 --> 0:29:27.650

Stephanie Foy

Yeah, scope of work for rambar is plumbing and they assign this to plumbers and steamfitters local 230.

0:29:29.490 --> 0:29:29.820

Cruz Maria

OK.

0:29:29.830 --> 0:29:31.750

Cruz Maria

And then they have the other coup for labor.

0:29:32.720 --> 0:29:41.760

Stephanie Foy

And for laborers, miscellaneous cleanup work, trenching and digging, if required, also may be performed by local 230.

Fredi Flores (Guest)

Thank you, Maria.

0:29:52.740 --> 0:29:59.40

Fredi Flores (Guest)

Maybe I'm getting ahead of myself, but there's any mechanical insulation out there is I'll just wait till then.

0:29:59.50 --> 0:29:59.440

0:30:16.180 --> 0:30:18.250

Barry Kenny

It alright, I got it.

0:30:18.260 --> 0:30:19.560

Perfect.

0:30:31.230 --> 0:30:32.200

Cruz Maria

Thank you, Barry.

0:30:32.450 --> 0:30:38.570

And 89 did accept in the chat, and Sarkis, if you can go ahead.

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:30:40.380 --> 0:30:43.870

Sarkis McClement

Yeah, I did have a question for the contractor. You know?

0:30:43.880 --> 0:30:45.930

Sarkis McClement

It says you are gonna be doing trenching.

0:30:46.40 --> 0:30:47.390

Sarkis McClement

It says by hand.

0:30:47.800 --> 0:30:49.90

Sarkis McClement

Can you elaborate on that?

0:30:49.100 --> 0:30:52.940

Sarkis McClement

Because a lot of times rambar uses equipment to do their underground.

0:30:54.960 --> 0:30:58.940

Stephanie Foy

I'll have to follow up with Rambar and get back to Maria on that.

0:30:59.770 --> 0:31:0.110

Sarkis McClement

OK.

0:31:0.80 --> 0:31:0.380

Cruz Maria

OK.

0:31:0.120 --> 0:31:7.370

Sarkis McClement

Well, I mean, since you're the the PE on it, what kind of what kind of underground are they doing for for you on the plumbing, what kind of water lines are they?

0:31:7.380 --> 0:31:9.50

Sarkis McClement

Are they storm because that that'll tell me?

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:31:7.840 --> 0:31:11.10

Stephanie Foy

They're not doing the site utilities underground work.

0:31:11.20 --> 0:31:16.370

Stephanie Foy

They're only going like 5 feet out the building, so they shouldn't and they shouldn't have a whole lot of.

0:31:18.180 --> 0:31:18.460

Sarkis McClement

OK.

0:31:16.740 --> 0:31:18.710

Stephanie Foy

I don't know what if they'll be using equipment.

0:31:18.720 --> 0:31:19.800

Stephanie Foy

I'll have to get back to you on that.

0:31:20.580 --> 0:31:20.870

Sarkis McClement

OK.

It says exterior site signage.

0:40:35.760 --> 0:40:42.200

Chris Allen

What type of signage and how are these signs affixed to the building and are they outside of the building lines as well?

0:40:44.550 --> 0:40:54.270

Michael Price

These would be devil 6 signs on the exterior, like a room signs, 88 code signs, and then there is a few signs that are mounted to a fence.

0:40:58.550 --> 0:41:2.200

Chris Allen

Carpenters are gonna claim the installation of signage for record only.

Cruz Maria

0:48:32.520 --> 0:48:34.610

Cruz Maria

So we have just enabled your mic.

0:48:34.620 --> 0:48:36.260

Cruz Maria

If you can go ahead and unmute yourself.

0:48:38.490 --> 0:48:39.550

Lorena Quintero

Hi, good morning.

0:48:40.30 --> 0:48:40.380

0:48:40.390 --> 0:48:49.320

Lorena Quintero

My name is Lorena Quintero and we will be supplying the mobile offices and assigning D3 construction for the install labor.

0:48:50.500 --> 0:48:51.530

Cruz Maria

Perfect.

0:48:51.640 --> 0:48:54.830

Cruz Maria

So we will go ahead and pull up theirs.

0:48:54.840 --> 0:48:57.410

Cruz Maria

Now D3.

0:48:57.420 --> 0:48:59.890

Cruz Maria

So did we have anyone from D3 on the line?

0:48:59.900 --> 0:49:0.790

Cruz Maria

There's Claudia.

0:49:1.220 --> 0:49:1.510

Cruz Maria

OK.

0:49:1.520 --> 0:49:5.830

Cruz Maria

Claudia, if you can go ahead and unmute yourself and read your scope and your assignments.

0:49:10.450 --> 0:49:10.830

Claudia

Thank you.

0:49:9.820 --> 0:49:11.910

Cruz Maria

Or if you do not have access to the mic.

0:49:11.960 --> 0:49:12.520

Cruz Maria

Ohh there we go.

0:49:13.310 --> 0:49:13.450

Claudia

Yep.

0:49:13.710 --> 0:49:14.460

Claudia

Hi.

0:49:14.640 --> 0:49:18.750

Claudia

We're gonna be doing the trailer installation and we will be assigning our work to local 89.

0:49:19.650 --> 0:49:23.30

Cruz Maria

Perfect and Local 89 has accepted the work in the chat.

0:49:24.460 --> 0:49:27.570

Cruz Maria

And I see no additional hands.

0:49:29.590 --> 0:49:37.480

Cruz Maria

And Jennifer Wilson, with Local 569, asked who will be doing the electrical in the temp trailers.

0:49:39.40 --> 0:49:44.300

Claudia

That's usually done by the electrician on site, so I think as it Neil, that's doing all the electrical work.

0:49:45.410 --> 0:49:46.330

Stephanie Valasek

Uh, yes, confirmed.

0:49:45.730 --> 0:49:48.460

Cruz Maria

Those. OK. Perfect.

**20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-
Swinerton PSA Specialist Maria Cruz**

0:49:48.470 --> 0:49:49.310

Cruz Maria

Thank you.

0:49:49.660 --> 0:49:55.70

Cruz Maria

OK, seeing no additional questions or hands then.

0:49:55.80 --> 0:49:56.170

Cruz Maria

Thank you, Claudia.

0:49:56.180 --> 0:49:59.190

Cruz Maria

And we are done with today's meeting.

0:49:59.700 --> 0:50:1.910

Cruz Maria

Like I said, there were gonna be another meeting.

0:50:2.100 --> 0:50:5.230

Cruz Maria

Steph and I will coordinate to see when it is gonna happen.

0:50:6.120 --> 0:50:16.370

Cruz Maria

Usually two weeks to a month or so, and then we're gonna get a lot of these other contractors all in, in, through and complete the sub and tiers listed.

0:50:16.430 --> 0:50:21.50

Cruz Maria

We will also have the update of the DIR project number in contract amount.

0:50:22.200 --> 0:50:28.310

Cruz Maria

So are there any contractors on the phone who have a completed form that were not covered?

0:50:28.380 --> 0:50:29.800

Cruz Maria

If so, please raise your hand.

**20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-
Swinerton PSA Specialist Maria Cruz**

0:50:34.390 --> 0:50:34.810

Harris III George

OK.

0:50:34.250 --> 0:50:35.670

Cruz Maria

OK, seeing no hands.

0:50:36.90 --> 0:50:37.610

Cruz Maria

Ohh did you have something to say to George?

0:50:37.620 --> 0:50:41.490

Harris III George

Yeah, Josie Rodriguez had been putting some.

0:50:43.690 --> 0:50:44.10

Cruz Maria

OK.

0:50:41.500 --> 0:50:45.820

Harris III George

Her hermit isn't working, but she also had a a point about.

0:50:47.320 --> 0:50:49.60

Harris III George

San Diego concrete pumping.

0:50:50.160 --> 0:50:50.440

Cruz Maria

Umm.

0:50:49.970 --> 0:50:50.460

Harris III George

That's.

0:50:50.530 --> 0:50:58.140

Harris III George

That's gonna be one of their Subs, but I guess space when they they submitted their form, they weren't able to add them.

**20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-
Swinerton PSA Specialist Maria Cruz**

0:50:58.150 --> 0:51:2.950

Harris III George

So they need to form sent back to them so they can add the sub.

0:51:3.40 --> 0:51:3.470

Cruz Maria

OK.

0:51:3.660 --> 0:51:5.550

Cruz Maria

And that was San Diego Steel solutions. Right.

0:51:5.840 --> 0:51:6.160

Harris III George

Correct.

0:51:6.930 --> 0:51:7.320

Cruz Maria

OK.

0:51:7.390 --> 0:51:13.140

Cruz Maria

We will note that San Diego Steel solutions needs their form back for updating a tier sub.

0:51:13.290 --> 0:51:14.460

Cruz Maria

Thank you, George.

0:51:14.670 --> 0:51:14.840

Harris III George

Yeah.

0:51:15.230 --> 0:51:19.480

Cruz Maria

And then we had a hand, I believe it was from Dan Gore.

0:51:19.550 --> 0:51:22.720

Cruz Maria

So any other questions for this first meeting?

0:51:22.870 --> 0:51:25.640

Cruz Maria

I'll go ahead and raise your hand and Dan Gore go ahead first.

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:51:27.280 --> 0:51:27.730

Dan Goar

Yeah.

0:51:27.740 --> 0:51:28.270

Dan Goar

Good morning.

0:51:28.280 --> 0:51:31.540

Dan Goar

Is there any water or sewer for the tent trailers?

0:51:42.980 --> 0:51:43.330

Dan Goar

Perfect.

0:51:43.340 --> 0:51:43.640

Dan Goar

Thank you.

0:51:35.20 --> 0:51:44.780

Stephanie Valasek

Yes, we will be having that run by our on site plumbers and then more than likely it's gonna be held in a tank for the sewer. Umm.

0:51:45.930 --> 0:51:46.380

Cruz Maria

OK.

0:51:46.430 --> 0:51:47.210

Cruz Maria

Thank you.

0:51:47.470 --> 0:51:54.150

Cruz Maria

And are there any additional questions, comments, concerns or issues that anybody would like to bring up right now?

0:51:55.550 --> 0:51:59.940

Cruz Maria

If not, we'll close this meeting with another one coming out soon.

20240529 PJCM Euclid ES WSM GMP _1-CC23-0125-23-A1-G1w-Swinerton PSA Specialist Maria Cruz

0:51:59.950 --> 0:52:2.180

Cruz Maria

Another notice and thank you.

0:52:2.190 --> 0:52:10.620

Cruz Maria

We will get the notes to the contractors and the forms back out to them that need to be revised and those will be resent out to all of the unions.

0:52:11.730 --> 0:52:12.720

Cruz Maria

So thank you everybody.

0:52:12.730 --> 0:52:15.180

Cruz Maria

Appreciate your time and we'll talk to you soon.

0:52:17.460 --> 0:52:18.330

Harris III George

Thanks everyone.

0:52:18.400 --> 0:52:19.0

Harris III George

Thank you, Maria.

0:52:19.980 --> 0:52:20.440

Cruz Maria

You're welcome.

0:52:23.150 --> 0:52:23.690

Stephanie Valasek

Thanks everybody.

0:52:26.30 --> 0:52:26.620

Cruz Maria

Thanks Steph.

0:52:29.440 --> 0:52:34.120

Stephanie Valasek

Oh, and for Chris's question in the chat, if he's still here, we do not anticipate any traffic control at this time.
