SWINERTON BUILDERS, SWINERTON BUILDERS DBA SWINERTON MANAGEMENT & CONSULTING	2001 Clayton Rd, 7th Floor - Legal Concord, CA 94520 CSLB: 993242 DIR: 1000000296	Steph Valasek svalasek@swinerton.com	False	Published

Contract Summary: Euclid Elementary School is an existing Elementary School being modernized for a capacity of 570 students. The Whole Site Modernization includes renovation and reconfiguration of the existing CDC building, which will become the new kindergarten. Special Ed building B will also be reconfigured and renovated along with minor reconfiguration and modernization in the admin and building A and modernization of the auditorium. New grass field, new parking lot with drop-off, and lower grade playground will be constructed once permanent buildings C & K and eleven portable buildings plus one portable restroom building are demolished.

LU619-Chris Is there concrete formwork associated with this, as well as the setting of embedded items like anchor bolts? ____David w/ Neal: II honestly don't have the answer for that, I would prefer tightener to be on the phone call answering those questions, so I'm not sure. ____619: At this time, the carpenters are gonna claim all concrete formwork and the setting and installation of embedded items like anchor bolts, I would like to request a markup meeting or push this contractor to the next pre job so we have all the proper info to be able to follow the process

Maria Cruz - 6/26/2024 11:02:58 PM

LU500-Cruz: I heard foundation, pretty sure they will be finishing of concrete, finishing above subgrade? ____David w/ Neal: I would think so, but I would really rather have Teichert answer, their scope isn't until next summer -so maybe it is best to push them to the next meeting. ____500: Agree w/ LU619 on getting clarification on the scope

Maria Oruz - 6/26/2024 11:04:49 PM

LU569-Jennifer. They are doing structural, who is installing the panels? ___David/ Neal: That will be done by Neal

Maria Cruz - 6/26/2024 11:05:46 PM

ACTION: Neal to touch base with Teichert regarding if there concrete formwork associated with this, the setting of embedded items like anchor bolts, and if finishing above subgrade at foundations.

Maria Oruz - 6/26/2024 11:30:55 PM

Rocio w/ sub in attendance but no mic, Steph w/ GC read

Maria Oruz - 6/26/2024 11:35:08 PM

LU12-Sarkis: How are they pouring concrete, tail gate or using pump? ___GC: will pass question along to them ___12: I see Rocio in the chat ___GC: She can't hear us, type it in the chat for response

Maria Cruz - 6/26/2024 11:35:13 PM

LU89- Accepts assignment in the chat

Maria Cruz - 6/26/2024 11:35:44 PM

***No assignment currently on the PJF for the LU89

Maria Cruz - 6/26/2024 11:46:11 PM

Rocio in chat: I am not sure at this moment, but we can use Marley concrete pumping to pour or SD Concrete pumping since they are already here (onsite) ____12: Ok that's fantastic, we'll just need to make sure they're run through a Pre-Job ____GC: If they end up being added we'll make sure that's included to have them go through the process

Maria Cruz - 6/26/2024 11:47:15 PM

LU89- Claims the concrete placing

Maria Cruz - 6/26/2024 11:49:44 PM

Maria: For clarification, concrete placing would merely or San Diego pumping be covered by the 89 as well or just the 12? ___LU12: actual operation of the pump would be local 12 and then the laborers would be at the end of the hose; So it is a composite crew and we know both of those contractors, whether it's San Diego concrete pumping or Merli, they both know which way to put their their assignments merely only pumps

Maria Cruz - 6/26/2024 11:50:29 PM

Rocio in chat: We will be placing the concrete ___Maria: Will return form to add that scope and assignment

Maria Cruz - 6/26/2024 11:51:36 PM

ACTION: Form to be returned to add potential Concrete Pumping tiers and scope/classification related to concrete placing
