RE: CA 4/28/15

Gentlemen:

I have received a request from LIUNA seeking arbitration of a jurisdictional dispute with the UA. The work in dispute is site utilities, hand excavation, backfill and hand grading at the O'Farrell Charter School project in San Diego, California. You are indicated as having been sent a copy of the correspondence.

If the directly affected parties are able to settle the dispute, each shall inform me in writing. If the parties are unable to reach an agreement, any party may request arbitration of the dispute within five days from the date of this letter by faxing to me a request to proceed to arbitration with copies to all other parties. A request to submit the matter to arbitration prior to the expiration of the five-day period will be honored only if the requesting party demonstrates that the International Representatives have met, or attempted to meet with the local parties to resolve the matter.

Please note: If any party intends to rely on a Decision of Record to support its claim to the work, that fact must be disclosed to the Administrator and the other parties to the dispute **within two days of receipt of this letter**. The title of the Decision of Record and the page in the Green Book where the decision is located should be included in the notice. If any other party to the dispute intends to challenge the Decision of Record on the basis of the prevailing practice in the locality in the past ten years, pursuant to Article V, Section 8(b), of the Plan, notice of such challenge must be provided to the Administrator and to the other parties to the dispute by the day the list of arbitrators is due back in the Administrator's office. A copy of the current version of the Plan is available at <http://www.bctd.org/BCTD/media/Files/Plan-for-the-Settlement-of-Jurisdictional-Disputes---Effective-May-1,-2011.pdf>.

Sincerely,

Richard M. Resnick
Administrator and Counsel to the Plan
