

La Jolla High School

750 Nautilus St.
San Diego, CA 92037

Sub-district: C
Cluster: La Jolla
Year School Opened: 1922
Grades: 9-12

- ① Stadium & Facilities Upgrades
- ② Whole Site Modernization

La Jolla High School has been an integral part of the La Jolla community's learning and education since 1922. The high school is surrounded by residential housing and is located south of downtown La Jolla near private and public entities, including the University of California San Diego, Salk Institute, Scripps Institute of Oceanography, and Scripps Clinic and Research Foundation.

La Jolla High School sits on a 14.27-acre lot and consists of 22 permanent buildings, constructed between 1940 and 2003. Stadium facilities were added during the stadium remodel in 2017. The total building area is approximately 194,000 square feet. The campus features an aquatic center, athletics stadium, two gyms, a small practice field, tennis courts, library/media center, cafeteria, and an auditorium. Currently, La Jolla HS serves close to 1,600 students.

La Jolla HS Stadium & Facilities Upgrades

Completed: October 2016

Funding: Proposition S

La Jolla High School's stadium has been upgraded and features more than 15,000 square feet of new facilities construction. New buildings were constructed on the West side of the campus in support of school athletics.

La Jolla HS Whole Site Modernization

Completed: March 2021

Funding: Propositions S and Z

The Whole Site Modernization project will improve upon the learning environment, health, safety and security of the students as well as comply with accessibility throughout campus. Here are the proposed items that are being considered and are not limited to:

- Upgrades to the heating, ventilating and air conditioning systems
- Improvements to security fencing to close-off uncontrolled points of access
- New Entry to campus
- Renovation and upgrades to the kitchen and food services area
- Improve and upgrade accessibility throughout campus
- Reconfiguring and remodeling of Science Building classrooms and labs
- New interior and exterior finishes and hardware
- Remodel of student restrooms in building 500
