

# Oak Park Elementary School

2606 54th Street  
San Diego, CA 92105

Sub-district: E  
Cluster: Crawford  
Year School Opened: 1952  
Grades: K-5

① Synthetic Turf Field

Oak Park Elementary is a residential school located in the community it was named after. The faculty and students are proud of their music instruction magnet program as a Music Conservatory. This specialized instruction begins in Kindergarten and builds through grade 5 with music integration throughout the academic curriculum. The average student enrollment is over 500. The student population is diverse and represents the community it serves.

The school was built in 1952 and consisted of four permanent buildings for classrooms, administration office and a multipurpose room with a kitchen and assembly area. In 1957, a large classroom building was added that had 10 classrooms. Over time and to accommodate population growth, 21 portable classroom buildings were added. In 2003, a new library building was added for learning support. A new synthetic play field replaced the dirt field in 2016.

# Oak Park Elementary School New Synthetic Turf

Completed: May 2016

Funding: Proposition Z

A new 34,450 square foot synthetic turf field has replaced the dirt field with additional play striping features and irrigation for cooling and cleaning.
